Pro Series Fine Quick

"Pro Series" is a professional range of paint rollers developed for the tradesperson’s daily tasks, where stable performance and reliable results are the focus. The series combines efficient material pick-up with even distribution, ensuring a uniform finish. The rollers are made from durable materials. A safe choice for professionals who expect reliable function – day after day.

Product properties

Flügger Pro Series Roller Fine Quick is made from high-quality twisted polyester microfibre. Short pile with low paint absorption, leaving a smooth surface with minimal roller marks. Used on smooth surfaces for the best possible finish.

- **Professional everyday work**
- **Stable performance**
- **The safe pro choice**

Product use

Painting and varnishing of furniture, cabinet doors, doors, panels, frames, window frames and fixtures. Suitable for use with all types of water-based paints and oils. Wash the paint roller in water before use and stir the paint thoroughly before commencing work. Store the roller in airtight packaging when not in use and avoid storing in water.

Cleaning and Maintenance

Clean rollers with water, alternatively Brush cleaner, Basic cleaner or liquid soap.

Useful Information

Disposal: Remove as much paint as possible from rollers before they are disposed of as small, burnable waste items.

Good practice

Remove as much paint as possible from tools before cleaning. Do not pour liquid paint residue or cleaning fluid down drains. Clean rollers thoroughly to remove any paint residue. Avoid putting a strain on the roller during drying and store it dry.

Please note!

The paint roller fits a Quick roller handle with a 2-piece handle made of 6-8 mm galvanised steel. Sturdy handle which fits Flügger extension poles.
