Pro Series Paint Bucket

Pro Series is developed for daily professional use, where reliability, durability and efficiency are essential. The series combines high functionality with robust materials and contributes to consistent results day after day.

Product properties

Flügger Pro Series Paint Bucket made from 100% recycled plastic. The bucket makes it easy to load and distribute paint evenly on the roller using the integrated roll-off grid. Suitable for small and medium-sized painting projects.

- **Integrated roll-off grid**
- **Practical ladder hook**
- **Space for roller and brush**

Product use

Used for pick-up, distributing and applying paint with paint rollers and brushes.

Cleaning and Maintenance

Clean tools with water and mild soap.

Good practice

Remove as much paint as possible from the tool before cleaning. Do not dispose of liquid paint or cleaning residues in drains.

Please note!

To minimise waste, it is recommended to continuously adjust the amount of paint poured out as needed. Any remaining paint can be taken to a local recycling centre.

Country of Origin

Germany
