- Ready to use
- Removes grease and dirt
- Biodegradable

Labelling

Product use

For use on painted/varnished surfaces that can withstand alkaline cleaning agents. Suitable for ceilings, walls, skirting boards, doors, cabinet doors, etc.

Substrate

Must be suitable for cleaning

Treatment

Removes dirt, smudges, grease, tar and nicotine.

After cleaning, rinse with clean water and wipe dry with a well-wrung cloth/sponge.

Application

Pre-water if necessary.

Spray directly onto the surface.

Wipe with a damp cloth or sponge rinsed in clean water.

Allow to dry completely before painting.

Expected result

Cleaned surface ready for possible painting.

Please note!

Can be slightly corrosive to aluminium, zinc, copper and other porous metals.

May etch glass.

Carefully protect surfaces that are not to be cleaned.

Environmental information

Remove the cap before recycling

Storage

Cool, frost free and tightly closed

Protection equipment

Protect skin and eyes from splashes with suitable clothing, gloves and glasses.
