Excellence Roller Rough Quick

Excellence is a range of top-of-the-range paint rollers, developed for professional painters who demand the very best in terms of efficiency, finish and durability. The paint rollers are made from the highest quality fibres, offering high capacity and minimal risk of splatter. Even application ensures a perfect finish – even at a fast pace. The rollers have no loose fibres and are ready to use. Designed for professionals who refuse to compromise.

Product properties

Flügger Excellence Roller Rough Quick is made from high-quality modern synthetic fibres. Long pile with high capacity, ensuring high paint absorption, efficient paint release and leaving a rough/textured surface. Suitable for all types of surfaces, for water-based paints and oils, indoors and outdoors.

- **Intensive professional top-quality work**
- **Maximum capacity & finish**
- **Non-stop use without compromise**

Product use

Painting of walls, ceilings and facades. Thoroughly work the paint into the surface at the start of the job. Store the roller in airtight packaging when not in use and avoid storing in water.

Cleaning and Maintenance

Clean rollers with water, alternatively Brush cleaner, Basic cleaner or liquid soap.

Useful Information

Disposal: Remove as much paint as possible from rollers before they are disposed of as small, burnable waste items.

Good practice

Remove as much paint as possible from tools before cleaning. Do not pour liquid paint residue or cleaning fluid down drains. Clean rollers thoroughly to remove any paint residue. Avoid putting a strain on the roller during drying and store it dry.

Please note!

The paint roller fits a Quick roller handle with a 2-piece handle made of 6-8 mm galvanised steel. Sturdy handle which fits Flügger extension poles.

Country of Origin

Sweden
