Smart Series Exterior Quick

Smart Series is a versatile range of paint rollers for general painting tasks, where functionality and reliability are important. The series is suitable for both professionals and ambitious DIY users who want a good balance between quality, ease of use and price. The rollers are robust and provide stable paint uptake and even distribution. Smart Series is the uncomplicated choice for most painting tasks.

Product properties

Flügger Smart Series Roller Exterior Quick is made from pre-washed, twisted polyamide. Long pile with high paint uptake provides a textured surface. Suitable for all types of surfaces.

- **Ordinary painting tasks**
- **Good results without special requirements**
- **Best balance of price and finish**

Product use

Painting of facades. Suitable for use with all types of water-based paints and oils. Wash the paint roller in water before use and stir the paint thoroughly before commencing work. Store the roller in airtight packaging when not in use and avoid storing in water.

Cleaning and Maintenance

Clean rollers with water, alternatively Brush cleaner, Basic cleaner or liquid soap.

Useful Information

Disposal: Remove as much paint as possible from rollers before they are disposed of as small, burnable waste items.

Good practice

Remove as much paint as possible from tools before cleaning. Do not pour liquid paint residue or cleaning fluid down drains. Clean rollers thoroughly to remove any paint residue. Avoid putting a strain on the roller during drying and store it dry.

Please note!

The paint roller fits a Quick roller handle with a 2-piece handle made of 6-8 mm galvanised steel. Sturdy handle which fits Flügger extension poles.
