

Pro Series Telescopic Extension Pole

Pro Series is developed for daily professional use, where reliability, durability and efficiency are essential. The series combines high functionality with robust materials and contributes to consistent results day after day.

Product properties

Flügger Pro Series Telescopic Extension Pole for mounting on roller handles and paint brushes. Extends reach and reduces the need for ladders during painting work. Equipped with a quick-lock mechanism for easy length adjustment and increased reach while working.

- Available in multiple lengths up to 400 cm
- Quick-lock mechanism for easy adjustment
- Suitable for walls and ceilings

Product use

Telescopic extension pole attaches to roller handles and paint brushes. Compatible with both Quick and Gable roller handles.

Cleaning and Maintenance

Clean tools with water and mild soap.

Good practice

Remove as much paint as possible from the tool before cleaning. Do not dispose of liquid paint or cleaning residues in drains.

Country of Origin

China
