Pro Series Abrasive Paper 140 mm x 230 mm

Pro Series is developed for daily professional use, where reliability, durability and efficiency are essential. The series combines high functionality with robust materials and contributes to consistent results day after day.

Product properties

Abrasive paper developed for professional hand sanding of wood, filler, primed and painted surfaces. Heat-treated aluminium oxide grains combined with a strong paper backing provide high wear resistance and long service life. The semi-open coating reduces clogging and provides a consistent sanding result.

- **High sanding performance with a consistent finish**
- **Resistant to clogging**
- **Flexible format for hand sanding**

Product use

For sanding wood, filler, plaster, varnish and painted surfaces.

Cleaning and Maintenance

Remove sanding dust regularly during use.

Good practice

Apply even and moderate pressure while sanding.

Please note!

Select the grit size according to the task to achieve the desired result.

Supplementary Info

Backing: Paper 140 g/m² Bonding: Resin over resin Abrasive grain: Heat-treated aluminium oxide Grit sizes from P40-P240 depending on variant.

Country of Origin

Netherlands

Technical Data

Protection equipment	Use suitable protective equipment and avoid inhalation of sanding dust.
Roller size	140 mm x 230 mm
