Pro Series Abrasive Disc Ø225mm 10H 25 pcs

Pro Series is developed for daily professional use, where reliability, durability and efficiency are essential. The series combines high functionality with robust materials and contributes to consistent results day after day.

Product properties

Professional abrasive disc with 10 dust extraction holes for efficient sanding of walls and ceilings. The 10-hole design optimises dust extraction and improves working conditions while maintaining sanding performance.

- **Efficient dust extraction**
- **Reduced clogging of abrasive grains**
- **Consistent surface finish**

Product use

For machine sanding of filler and painted surfaces.

Cleaning and Maintenance

Keep the extraction holes free from dust.

Good practice

Use dust extraction during sanding.

Please note!

Ensure correct alignment of the extraction holes with the backing pad.

Supplementary Info

10 dust extraction holes Aluminium oxide grain Hook-and-loop attachment

Country of Origin

Netherlands

Technical Data

Protection equipment	Use suitable protective equipment and avoid inhalation of sanding dust.
Roller size	Ø 225mm 10H 25 pcs
