Pro Series Abrasive Disc Ø225mm 25 pcs

Pro Series is developed for daily professional use, where reliability, durability and efficiency are essential. The series combines high functionality with robust materials and contributes to consistent results day after day.

Product properties

Abrasive disc for efficient machine sanding of walls, ceilings and filler-treated surfaces. High-quality aluminium oxide grains provide effective stock removal and long service life. The hook-and-loop backing ensures quick fitting and replacement.

- **High stock removal on large surfaces**
- **Quick changes with hook-and-loop attachment**
- **Long service life in professional use**

Product use

For use with long-reach drywall sanders and other compatible sanding systems.

Cleaning and Maintenance

Clean the sanding surface from dust as required.

Good practice

Work with smooth movements without excessive pressure.

Please note!

Check compatibility with the machine diameter and attachment system.

Supplementary Info

Abrasive grain: Heat-treated aluminium oxide Bonding: Resin over resin Coating: Semi-open

Country of Origin

Netherlands
