Smart Series Wide Filler Knife

Smart Series is the versatile choice for most common tasks. The series offers a good balance between quality, functionality and price and is suitable for both professional users and DIY users.

Product properties

Wide filling knife with a stainless steel blade and wooden handle for plastering larger surfaces. The blade distributes plaster compound evenly and contributes to a smooth, uniform finish.

- **Classic wooden handle**
- **Stainless steel blade**
- **Available in multiple widths**

Product use

For full-surface plastering of walls, ceilings and other large areas.

Cleaning and Maintenance

Remove as much plaster compound as possible from the tool before cleaning. Clean the tool with water and, if necessary, liquid soap. Do not pour leftover plaster compound or cleaning liquids into drains.

Good practice

Work in overlapping passes to achieve a uniform result.

Please note!

Choose the blade width according to the size of the task.

Supplementary Info

Waste handling: Sort metal, plastic and other components for recycling according to local waste regulations.

Country of Origin

Sweden
