

Pro Series Filler Knife Flex

Pro Series is developed for daily professional use, where reliability, durability and efficiency are essential. The series combines high functionality with robust materials and contributes to consistent results day after day.

Product properties

Flexible filling knife for plastering, patch repairs and minor surface repairs. The flexible stainless steel blade provides excellent control during the application of plaster compound, while the ergonomic handle ensures comfortable handling.

- Flexible stainless steel blade
- Ergonomic grip
- Available in different widths

Product use

For plastering and minor repairs on walls, ceilings and woodwork.

Cleaning and Maintenance

Remove as much plaster compound as possible from the tool before cleaning. Clean the tool with water and, if necessary, liquid soap. Do not pour leftover plaster compound or cleaning liquids into drains.

Good practice

Apply plaster compound in thin layers for the most uniform result.

Please note!

Avoid applying excessive pressure during finishing work.

Supplementary Info

Waste handling: Sort metal, plastic and other components for recycling according to local waste regulations.
