Pro Series Wallpaper Applicator

Pro Series is developed for daily professional use, where reliability, durability and efficiency are essential. The series combines high functionality with robust materials and contributes to consistent results day after day.

Product properties

Wallpaper applicator for flattening wallpaper and wallcoverings during installation. The flexible plastic construction helps remove air bubbles and ensures uniform adhesion. Suitable for both flat surfaces and work in corners.

- **Soft plastic**
- **Removes air bubbles**
- **Suitable for all wallpaper types**

Product use

For installing wallpaper, lining paper and glass fabric.

Cleaning and Maintenance

Remove excess paste immediately using a sponge and lukewarm water.

Good practice

Apply even pressure from the centre out towards the edges.

Please note!

Avoid excessive pressure against sharp corners to prevent damage.

Supplementary Info
