Smart Series Plastic Sponge 2 pcs

Smart Series is the versatile choice for most common tasks. The series offers a good balance between quality, functionality and price and is suitable for both professional users and DIY users.

Product properties

Soft foam sponges for washing and general cleaning of larger surfaces. The polyether foam absorbs water and cleaning agent and can be compressed to reach irregularly shaped areas. The large size provides a secure grip and a wide working surface.

- **Soft polyether foam**
- **Large working surface**
- **Two sponges per pack**

Product use

For washing and cleaning suitable surfaces in kitchens, bathrooms and workshops and for preparation before painting.

Cleaning and Maintenance

Rinse the sponge thoroughly after use, squeeze out excess water and allow the sponge to dry.

Good practice

Change the rinsing water regularly and use separate sponges for different cleaning tasks.

Please note!

Ensure that the surface is resistant to water and the cleaning agent being used.

Supplementary Info

Sort used sponges according to their contents and in accordance with local waste regulations. Sort the plastic bag and paper insert separately where permitted by local waste management schemes.
